

# Woodrow Wilson House Summer 2022

Ethan Krone

# What did I do?

**01**

Researched U.S.-Mexico relations during Woodrow Wilson's administration and created an infographic. Many of the pictures used are directly from the Library of Congress.

**02**

Supervised film crews when they came to the Woodrow Wilson House and moved artifacts for them when necessary.

**03**

Powerwashed the driveway for John and pumped out the water in the basement multiple times.

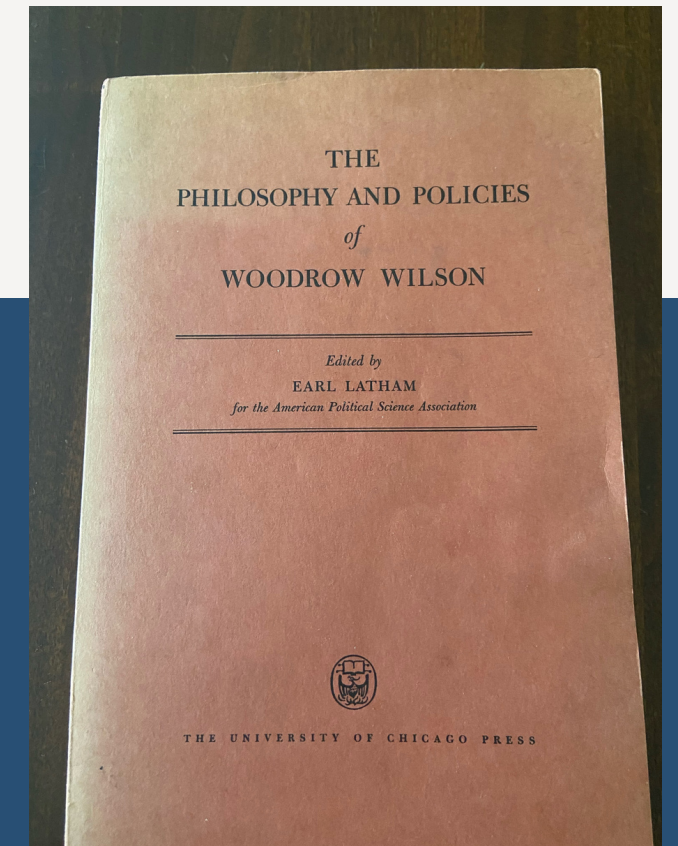

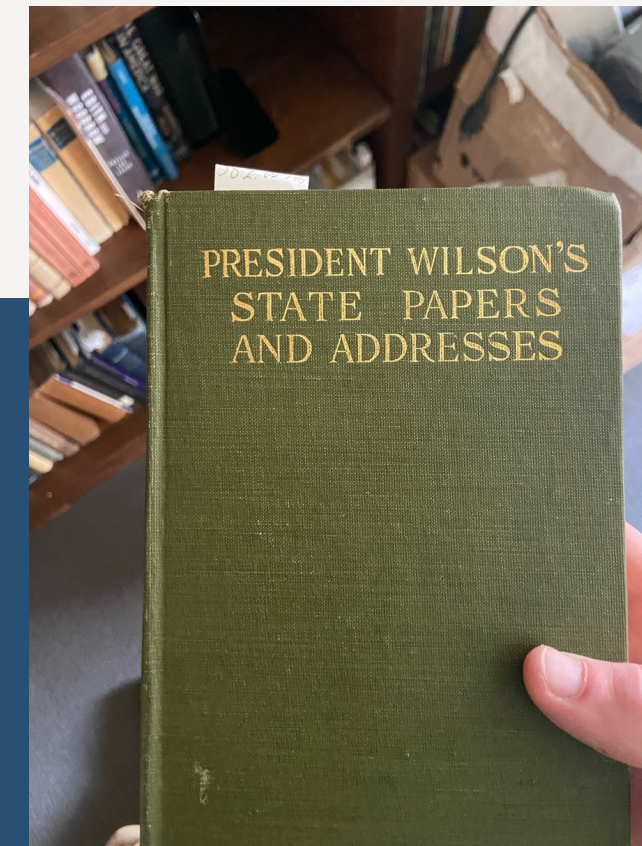

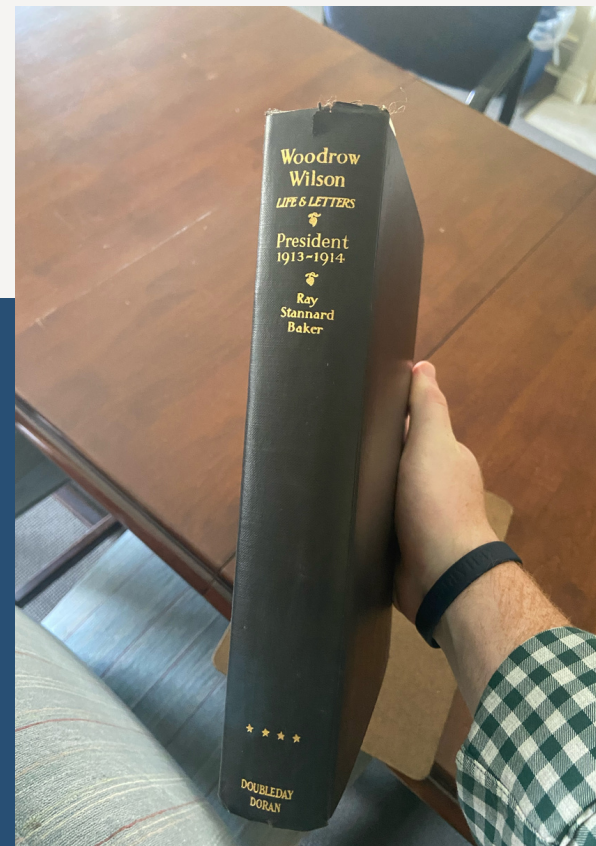

**04**

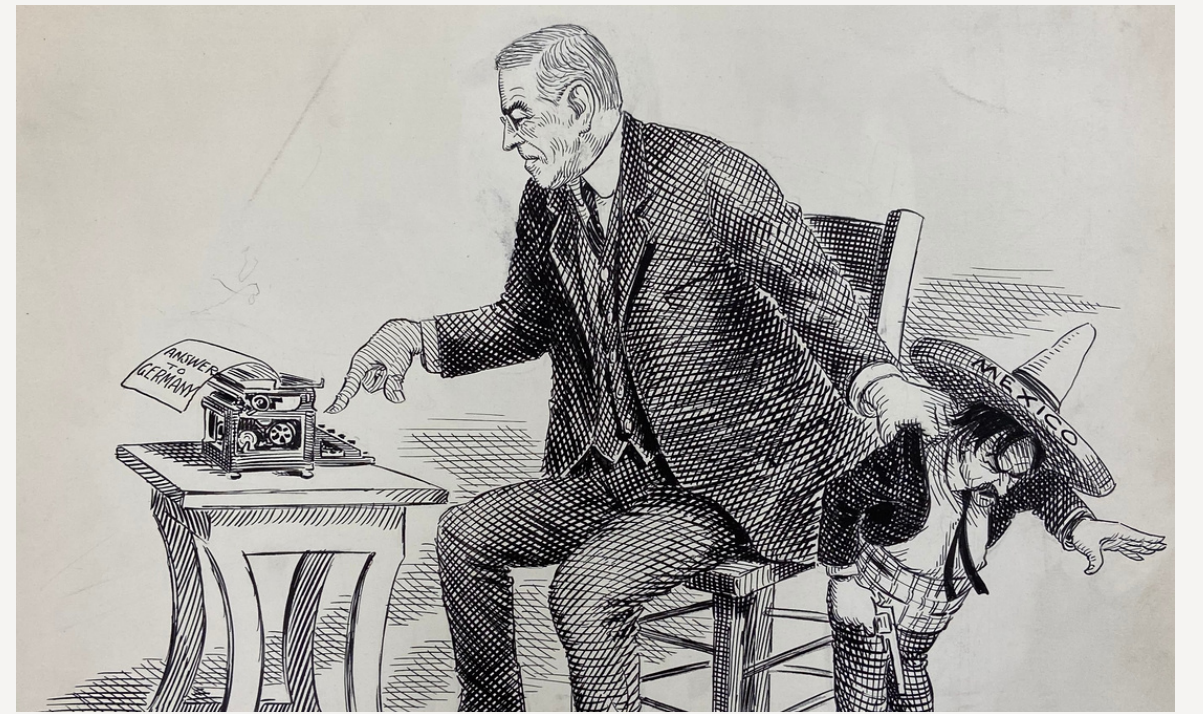

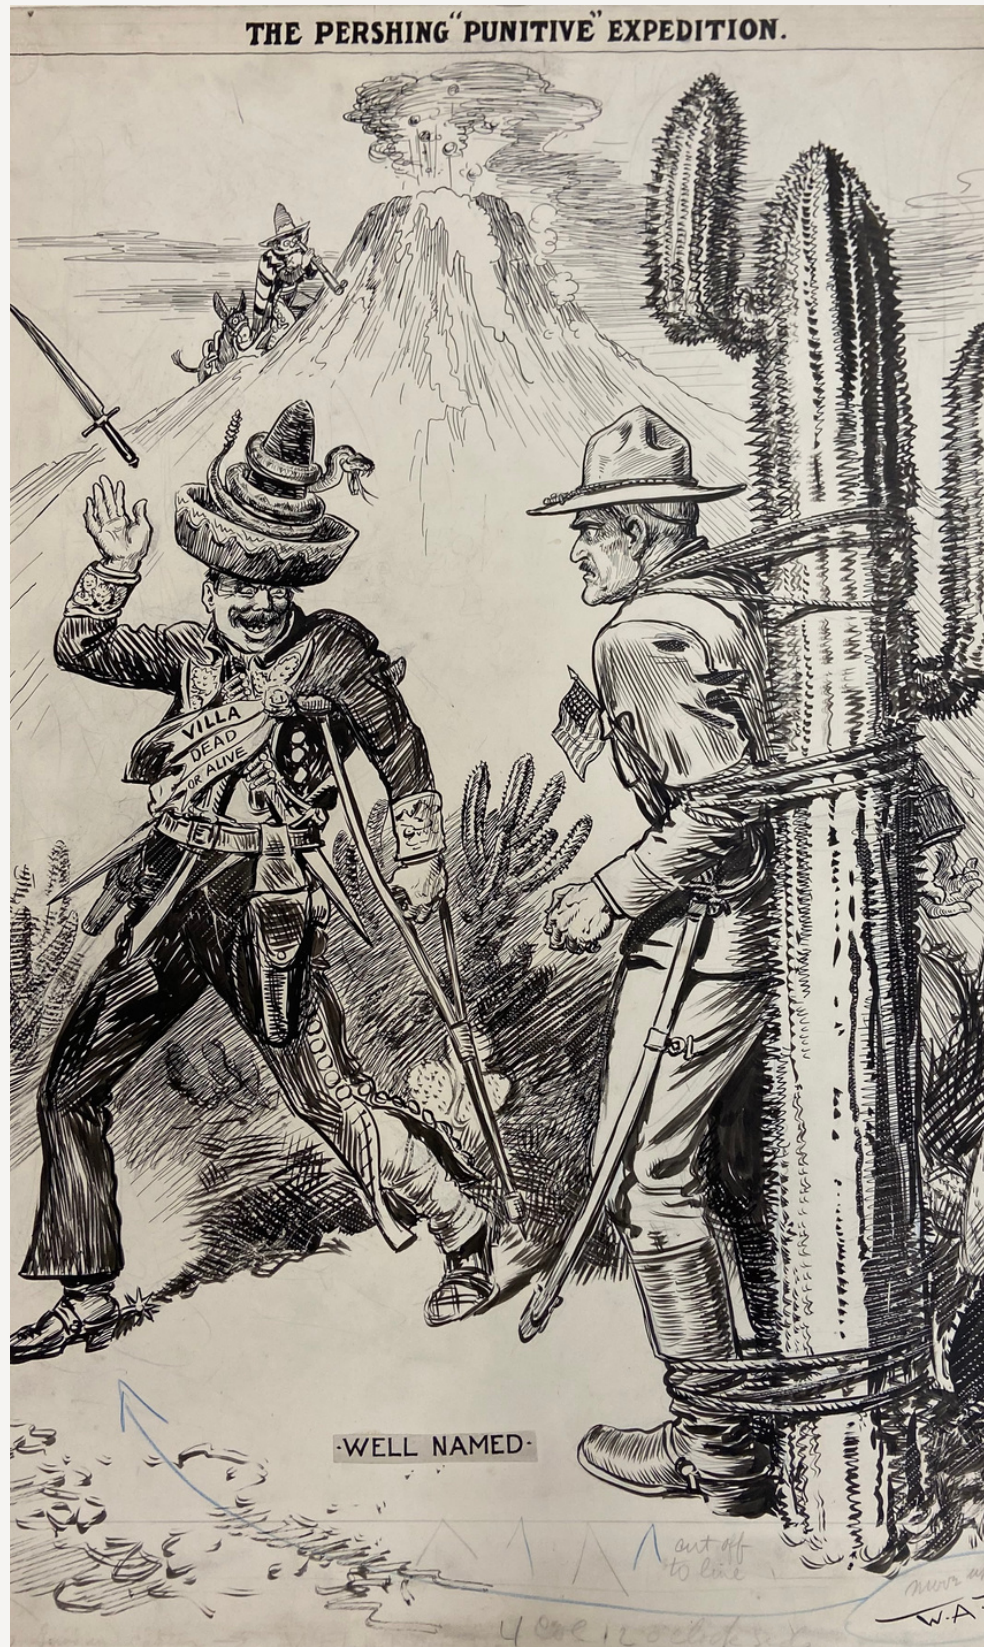

Networked for next year when I graduate and took some great pictures for my memories!

# U.S. Mexico Relations

A combination of online research, utilizing books found on-site at the Woodrow Wilson House and visiting the Library of Congress to find out more about Woodrow Wilson and his involvement in Mexico prior to World War I.
